AMAZON NUTS

Amazon Brazil Nuts is a dynamic company, responsible for the highest volume of distribution of Brazil Nuts to the Brazilian Retailer and Export market.

- Supply Brazil Nuts and its derivatives with quality and responsibility to our costumers in Brazil and around the world
- Develop products to our costumers looking to the market necessity, with personal packages, cuts and sizes according to Food Industries utilization and kinds of use "in natura", example: salted, sliced, pieces, etc.

Conscious costumers that our product has benefits to health, beyond Social – Ambiental advantages, proportionate for its productive process, through the Partnership with companies that have the same concern about our Country Sustainable development.

Our company is responsible for one of the most important benefit process that leads the Brazil nut from the forest to the costumers.

With a 2000 m² of constructed area, it has a production capacity to attend the internal and external market, since harvest until the drying, selection, peeling, sterilization and package process.

Vacuun Package Process, with Nitrogen injection – Hygiene and long shelf life to the storage product

Stainless Steel Table – Quality and Cleanliness

Employees to work in Brazil Nut peeled benefit area.
